

# WHO ARE WSWUK?

## About Us

Women's Street Watch UK is a volunteer-led organisation committed to ensuring women's safety during nights out. Operating in Newcastle upon Tyne, we patrol the city centre on Friday and Saturday nights from 10pm, providing support, first aid and a safe space for women in need.

## Our Mission

Our mission is simple - to create safer streets for women, ensuring everyone can enjoy their nights out without fear. Through compassionate support, first aid and a reliable presence within Newcastle's city centre, we aim to reduce harm and provide a safe haven for those women in need.

## How to Join

Want to make a difference in your community? Join Women's Street Watch UK! Volunteers are DBS checked and receive comprehensive training, including Night-time Economy Vulnerability Training and our in-house program to prepare you for patrols.

### Nightly Patrols

Providing a visible, supportive presence on Newcastle's streets every Friday and Saturday night.

### Wilma

Our trusty van, Wilma, is stocked with supplies like water, first aid kits and phone chargers.

### Annual Campins

Raising awareness and advocating for change through impactful initiatives like #StockingsForSisters and our Flowres for the Fallen project.

### Support Services

Offering a listening ear, resources and practical help to vulnerable women, including signposting to relevant services

### Community Outreach

Collaborating with local businesses and individuals to organise donation drives and events that directly benefit women in need.
